

NETWORK OF WOMEN PANEL

CONFIDENTIALITY AGREEMENT

I have agreed to be on the panel of people available to support members of the profession who have experienced harassment, assault, or inappropriate conduct.

I understand that the AWLA will hold my contact details and any other personal information as I may provide to the AWLA for the purposes of this panel. I understand the AWLA will provide this information to people who are looking for support and an opportunity to discuss what may be sensitive issues confidentially and without judgement.

I agree that I will keep everything I am told by anyone who receives my information through this panel completely confidential, unless required by law, if there is a serious threat to the relevant person's safety or as authorised to disclose it by the relevant person. I understand this obligation of confidentiality includes not disclosing any information to AWLA (except for any statistical information which will not be identifiable to any person).

I agree that I will listen to anyone referred to me, support them, advise them on their options to the best of my ability, and help them take whatever steps they want to take to progress the issue, if any. I agree that I will not take, or pressure anyone to take, any steps they do not want to take.
